Assembly Instructions

Included in kit: Carry bag (A), Brochure holder (B), Curved header (C), Poster holder (D), Support Poles (E) and Circular base (F)

Take 1st pole and insert end (without holes or pips) into the base

Take the 2nd pole and attach over the first, ensuring that the pips click through

Slide the brochure holder over the support poles, ensure the holder is tilting outwards

When in position, secure the holder to the support poles using the wing nut

If using the curved header, attach onto the top of the support poles until the pips click through

If using the Poster holder, attach onto the top of the support poles. Insert the graphic into the slit provided

Other products in our retail range include:

Polar

Indoor or outdoor A-frame swing sign with steel feet.

Rope & Post

Strong, durable exhibition and event queue guidance system. Rope available in 4 colours, and optional sign systems.

Satellite
